

**24<sup>th</sup> February 2022**

## **MEDIA STATEMENT**

Roby Medical Centre, Huyton, is temporarily closed due to an incident that took place during the evening of 23<sup>rd</sup> February 2022. At this stage the police are still investigating the matter and therefore the practice is not able to provide further information about the incident.

Patients have been informed and advised what to do if they need support today.

The practice is working to get phone lines open as soon as possible and updates will be provided via the practice website and patient messaging service.

Patients who need immediate support should call NHS111 or visit the local Walk in Centre in Huyton to seek medical attention.

The practice, supported by Knowsley CCG, is working hard to restore services, which may require the temporary relocation of services in the next few days.
